- ***Academy / University of Athens / National Library***
- ***Plaka area***

ITINERARY

Our driver will pick you up from your hotel, and we'll start our private tour by visiting the historic Acropolis rock and its unique architectural monuments, dating back 2,500 years, including the greatest of all, the Parthenon.

Next is the Acropolis Museum, featuring a remarkable classical collection from Athens' golden era.
Our next stop will be the Temple of Zeus and the Panathinaikon Stadium, where the first modern international Olympic Games took place in 1896.
Then, we'll drive past a few historic New Classical buildings in the center of Athens to get an idea of how the city used to look a century ago. Finally, we will spend time in the Plaka—an ancient commercial area at the foot of the Acropolis, where you can see Greek and Roman ruins and do some shopping.
